TRA DOCKET ROOM

October 25, 2004

Mr. John R. Dixon
Chief Executive Officer
SkyLine Membership Corporation
West Jefferson Corporate Office
1200 NC Highway, 194 North
West Jefferson, North Carolina 28694

RE: Petition of Skyline Telephone Membership Corporation for Limited Modification
of the Requirement to Provide Number Portability
TRA Docket No. 04-00162

Dear Mr. Dixon:

The Tennessee Regulatory Authority is in receipt of your Notice of Compliance and Request to Withdraw Waiver dated October 15, 2004, in which you state that SkyLine Telephone Membership Corporation has completed the technical and network requirements necessary to provide local number portability to the Shady Valley exchange. SkyLine had petitioned the Authority for an extension of time in which to implement wire line to wireless local number portability. No parties requested to intervene in this Docket.

Because SkyLine is now compliant with the wire line to wireless number portability requirements for the Shady Valley exchange, your petition for an extension of the deadline for compliance is deemed withdrawn at your request and this Docket will be administratively closed.

Very truly yours,

J. Richard Collier
General Counsel
